

Expression of Interest ACA Premier Cricket Program 2019-2020 Season

The Fremantle District Cricket Club (FDCC) has a long and proud history since its inception in 1852, and over this period, has always been an important member of the local community.

The FDCC is delighted with the development of its players, and in particularly over recent years, we are well represented in various national and state representative sides by Shaun and Mitch Marsh, Jhye Richardson, Sam Whiteman, Ashton Turner, and Jake Carder.

The objective of the FDCC is to continue to provide locally developed players to the state and national sides. However, success in providing players for higher honours has impeded our ability to win a two-day Grade premiership where 1st Grade success has eluded us for some 25 plus years.

Under the assumption that assistance may be afforded to Premier Cricket Clubs by the Australian Cricketers' Association (ACA) under its Premier Cricket Program for the 2019/2020 season, the FDCC is seeking expressions of interest from ACA members who may be willing to join our Club in our quest for excellence and premiership success for the forthcoming season.

The FDCC has four senior teams with the current coaching structure comprising of a Head Coach, Senior Assistant Coach and two Assistant Coaches providing technical batting and bowling advice to our entire playing group. There is also four junior teams with separate coaches for each 13s, 14s, 15s and 17s teams.

If you are interested in undertaking a role with our Club for the 2019-2020 season, whether it be coaching, playing or combination of both, we welcome your thoughts on how you personally through your 1st Class cricketing experience can contribute to the FDCC in achieving its goals.

Should you wish to discuss this opportunity further please contact Chelsea Fell on 0452 572 611 or by submitting an expression of interest via email to chelseafell2611@gmail.com by 31 July 2019.
